Cancellation Policy

We understand that plans can change willy-nilly. However it is our responsibility to ensure fairness and transparency among our customers regarding our cancellation policy. So we kindly request all travelers to carefully review the cancellation and refund policy before confirming their trip.

After your trip starts, we cannot provide a refund for any voluntary withdrawal, cancellation, or early departure by the traveler. This means ***the full amount paid to us will not be refunded after the trip has begun.*** Likewise, if during the trip, any services such as accommodation, sightseeing, meals, transportation, etc. included in the itinerary/trip are not used by the customer, no refunds or reuse will be provided to whatever portion remains unused on the trip.

Also, please note that ***last-minute cancellations are non-refundable.*** You have to understand that many trip arrangements such as accommodation, transportation, permits, guides, and operational logistics are confirmed and pre-booked. Thus, cancellations made at the last minute create non-recoverable costs for the company and so do for our clients. In addition, cancellations made shortly before the departure date or after the trip has started will be considered as last-minute cancellations and will not be eligible for any refund.

Still, the company will use their discretion in setting the conditions for the refunds, therefore, few of the conditions mentioned are subject to change. The company holds every right to cancel the trips booked by the customers before it is guaranteed to run or an official agreement is signed. A trip is guaranteed to run once it has two fully paid travelers unless minimum numbers state otherwise.

Unfortunate circumstances such as unforeseen natural disaster, canceled flights, strike, industrial action, wars, riots, quarantine, government intervention, weather, the deteriorating health condition of a group member, etc. could lead to cancellation of trips. In such cases, the customer can either ask to get back the 90% of the total trip cost paid to the company (13% Government Tax will be deducted) or reuse the cost in an alternative trip with the same price, immediately, in the following season of the same year.

The company will require a written notice in case of any cancellation. Please ensure the date of the trip cancellation is the date on which the written cancellation is received by the company. If you cancel the trip anytime prior to the departure date of the actual trip, 90% of the total cost is reusable for a year or refund.

Trip Amendment

First and foremost, please note that all the amendment conditions are applied to the trips listed on this site only. Below are a few notes to take about the amendment fees in case of any changes during, while, or after the booking:

If the company receives a request on the booking amendments at least 60 days prior to the trip, a total of USD 50/person is charged to the customer. However, if the customer’s request for a booking amendment in less than 60 days before the trip departure, then the charges will be as per the cancellation policy mentioned above. In case of any changes in the price of the trip during the procedure of booking and the amendments, the new cost will be applied to the trips. Please note that these changes might not be applied by the company, but can be levied upon the company by the third parties i.e. the hotels or the service providers working with the company.

Any changes, amendments, or additions in aggregation to the trips you have booked, for example, hotels, transfers, additional days, etc. will account for no additional fee.

Health Conditions

Nepal Alternative Treks places the highest priority on the safety and well-being of all travelers. We need to ensure the traveler's well-being and health condition at the time of booking. While travelers can participate without medical documentation, those with chronic illnesses or long-term medical conditions must obtain a doctor's consent before joining the trip. This is to ensure their health is not badly affected during the adventure and that they can safely enjoy the journey.

The company will not be responsible for any type of mishaps and will not bear the medical and evacuation expenses on behalf of the participant. Therefore, we request our clients to consult their doctors for a thorough checkup and vaccination before booking a trip with us. In addition, clients with specific health needs or concerns should inform the Company in advance. This allows us to provide guidance and, if required, arrange additional services to make the trip safer and more comfortable. If needed, clients may also request additional services related to the length of the trip or stay in the country of travel.

Weather and other unfavorable conditions

Clients should be well aware of the unpredictability of the weather conditions in the mountainous regions. The unfortunate weather conditions, especially in the Everest, Jomsom, and Kanchenjunga regions, can sometimes lead to unfavorable circumstances that include delay or cancellation of flights. The Company will cover the expenses of accommodations and food in the departing location until the arrangement of flights is done. However, the Company holds every right to reroute the original trip or transports which will be in favor of the situation without any addition in the cost. Please note that the company will not be responsible for any missed international flights, losses caused by Altitude Sickness, or any other unpredictable circumstances, and the participants will have to pay all the charges incurred. Nonetheless, the Company will connect and assist you to make the necessary alternative arrangements, but, the additional charge will be covered by the customers themselves.

Regardless of stating every condition and information about the trips on the website and brochures of the Company, we will not be responsible for the unforeseeable situations that may arise before or during the trips. The Company will, however, try its level best to give prior notice about it and take alternate strategies to deal with it. These booking conditions may only be waived in special circumstances, and in writing, by a letter from the Chief of the Company.
